

SBIC

Senior Benefit Information Centers

Helping Seniors Connect to Benefits and Services that Can Save Time and \$\$

Senior Benefits Information Centers (SBICs) help older adults and their caregivers find information about different types of government benefits to help them stretch their budgets. You can get a better understanding of Medicare health plans and programs for assistance in paying for prescription drugs.

Meet with trained volunteer counselors in a private setting at each center to get information about:

- Nutrition assistance
- Medicare savings plans
- Home Energy Assistance Program (HEAP)
- And much more!
- Weatherization and minor home repair
