

# Be a Tutor for TASC Connect!

*Help an adult get their high school equivalency diploma*

*A few hours per week can change lives*

Our tutors meet one-to-one to help adults build their skills in reading, math and other topics essential to obtaining a high school equivalency diploma. Tutors and students meet regularly at a mutually convenient time at a public library. Study materials are provided by TASC Connect! After training, tutors are matched with a student for a 6 to 12 week session.

The commitment is generally 3 hours per week.

New tutor trainings are scheduled throughout the year.
