*Empire State Digital Network Manager*  
**METRO**

*(Metropolitan New York Library Council)*

The Digital Public Library of America (DPLA) brings together the riches of America's libraries, archives and museums and makes them freely available to the world. DPLA is establishing a national network of "Hubs," which will help aggregate digitized content from across the country. The Empire State Digital Network (ESDN) is the service hub for the state of New York. Kerri Willette, ESDN Manager, will give some background information and will provide an overview of the New York hub.
