EXPLANATORY NOTES

WLS Member Library Statistics 2019 are based on the *Annual Reports for Public & Association Libraries - 2019* submitted to New York State. Financial figures on the *Annual Report* are on a cash basis for the operating fund.

Libraries reporting for fiscal years beginning in either June or July are marked with an asterisk (*). All unmarked libraries report on the calendar year.

Westchester averages are determined by dividing the total for that category by the number of libraries (i.e. 38). Total-based averages are determined by dividing the totals themselves. Rankings are based on numbers which have not yet been rounded to 1 or 2 decimal places.

Please note that unusual variations in the statistics may be a result of construction projects, temporary closings, or other conditions. Please refer to the *Note of Unusual Circumstances*.

Listed below are the categories from the *Annual Report* that were used for these statistics. If the category name differs on these statistics from the *Annual Report*, the *Annual Report* name is shown in brackets:

Note of Unusual Circumstances for 2019

FOR ALL LIBRARIES: WLS migrated its Integrated Library System (ILS) in March 2019 from SirsiDynix to Evergreen. Issues with the WLS network caused service interruption, and new software workflows affected statistical reporting.”

Chappaqua Library: In November 2018 the library started a construction project to expand the Children's Room, reconfigure the Teen Area and replace the existing public bathrooms.

Eastchester Public Library: The library is located adjacent to Scarsdale, a community whose library is undergoing a two-year library renovation.

Irvington Public Library: On March 18, 2019, work began on the repair of a leak in one of our exterior walls that ended up requiring us to box up or make inaccessible a large portion of our non-fiction collection (just over 7,100 books).

Katonah Village Library: The Westchester Library System went through a ransomware attack which resulted in three months' worth of lost data from our shared files. This impacted our door and reference count, as the original numbers were lost.

Lewisboro Library: The migration of the ILS affected the statistics for the Lewisboro Library negatively for two reasons: 1) the Library was closed for a week during the migration and 2) we suspect that the circulation data may have been corrupted or not transferred properly during the migration causing a drop in the statistics. This is still being investigated.

Mount Kisco Public Library: The library was closed for four days in April 2019 for construction: April 10, 11, 12, and 23. Additionally, certain parts of the building were not open to the public during January-April at various times due to construction.

Mount Vernon Public Library: Massive weeding project.

North Castle Public Library (Armonk): North White Plains Branch Library was closed for 6 weeks while the library was under renovation.

Ruth Keeler Memorial Library (North Salem): The library had staff shortages including one employee who was out for most of 2019 on disability.

Rye Free Reading Room: The library completed an interior renovation project in 2019, which included a weeding project. Overall collection size was reduced, and adult fiction collections and teen collections were in storage from January to May.

Scarsdale Public Library: The library was closed for renovations from 6/24/2018-7/4/2018 and in temporary quarters. The anticipated date for moving back into our renovated building is sometime in mid-2020.

Somers Library: There was an immediate 30% reduction in statistics when using the new ILS, and the Library Board does not believe that the statistics are correct.

Tuckahoe Public Library: We changed our reporting year from calendar year to our Village's fiscal year (5/1/18-6/30/19).
