

## Join Westchester Seniors Out Speaking Help explain Medicare and other essential services!

Westchester Library System is seeking volunteers to serve as presenters and counselors for Westchester Seniors Out Speaking (WSOS). We help adults 60+ achieve a better understanding of Medicare health plans, prescription drug coverage, and related benefits. Our clients save time and money, and they become familiar with library resources for ongoing support.

WSOS volunteers participate in monthly training with subject specialists. They take that knowledge into the community through **presentations** - done solo or as a team - at community centers throughout the county and **walk-in counseling services** offered at nine public libraries.

Our volunteers are comfortable using computers, have excellent interpersonal skills, and are able to provide 6-12 hours per month of consistent service. Bi-lingual skills are especially helpful in some locations.

**To find out more, email Phyllis at [prosen@wlsmail.org](mailto:prosen@wlsmail.org).  
Pre-training work is required to participate. Contact us  
soon!**
