Public Perceptions of Privacy and Security in the Post-Snowden Era

The public feels most secure using landline phones, least secure on social media

% of adults who feel varying degrees of security when sharing private info with another trusted person or organization

Source: Pew Research Privacy Panel Survey, January 2014. N=607 adults, ages 18 and older.

PEW RESEARCH CENTER

Low levels of trust in government and advertisers

Among adults ages 18 and older

How often do you trust ___ to do the right thing?

	Government	Advertisers
Just about always	2%	1%
Most of the time	16	11
Some of the time	67	71
Not at all	14	16

/ Panel Survey, January 2014. N=607

Broad concern about government and third-party access to info on social networking sites

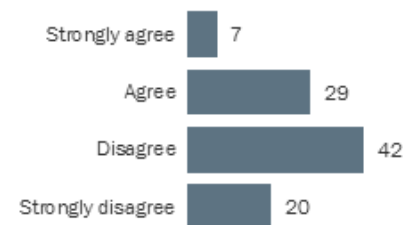

% Among adults ages 18 and older who use social networking sites

How concerned are you that some of the info you share on social networking sites might be accessed by ___ without your knowledge?

	The government	Third parties like advertisers or businesses
Very concerned	37	35
Somewhat concerned	34	45
Not too concerned	25	17
Not at all concerned	4	2

Most do not think it's a good thing for society if people believe they are being watched online

Among all adults, the % who agree it is a good thing for society if people believe that someone is keeping an eye on the things that they do online

Source: Pew Research Privacy Panel Survey, January 2014. N=607 adults, ages 18 and older.

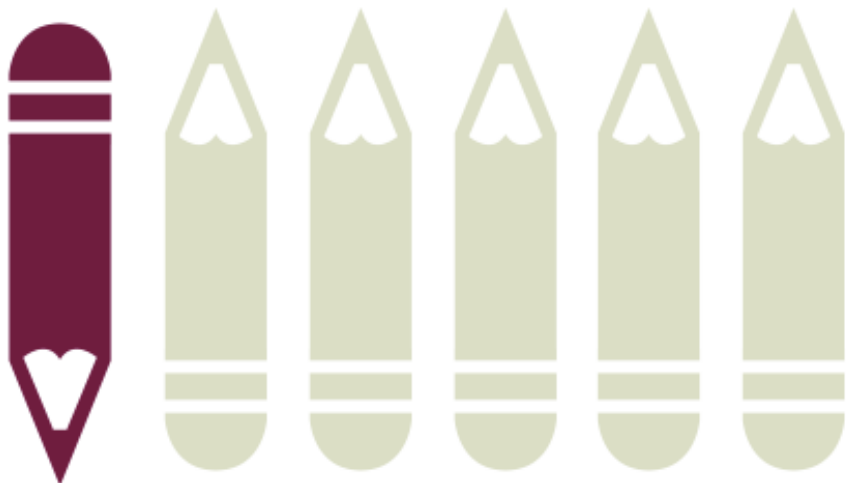

PEW RESEARCH CENTER

Those who are more aware of gov't surveillance more likely to see communications channels as "not at all secure"

CHILLING EFFECTS:

NSA Surveillance Drives U.S. Writers to Self-Censor

1 in **6** writers has avoided writing or speaking on a topic they thought would subject them to surveillance.

Another **1** in **6** has seriously considered doing so.

Writers are not only overwhelmingly worried about government surveillance, but are engaging in self-censorship as a result:

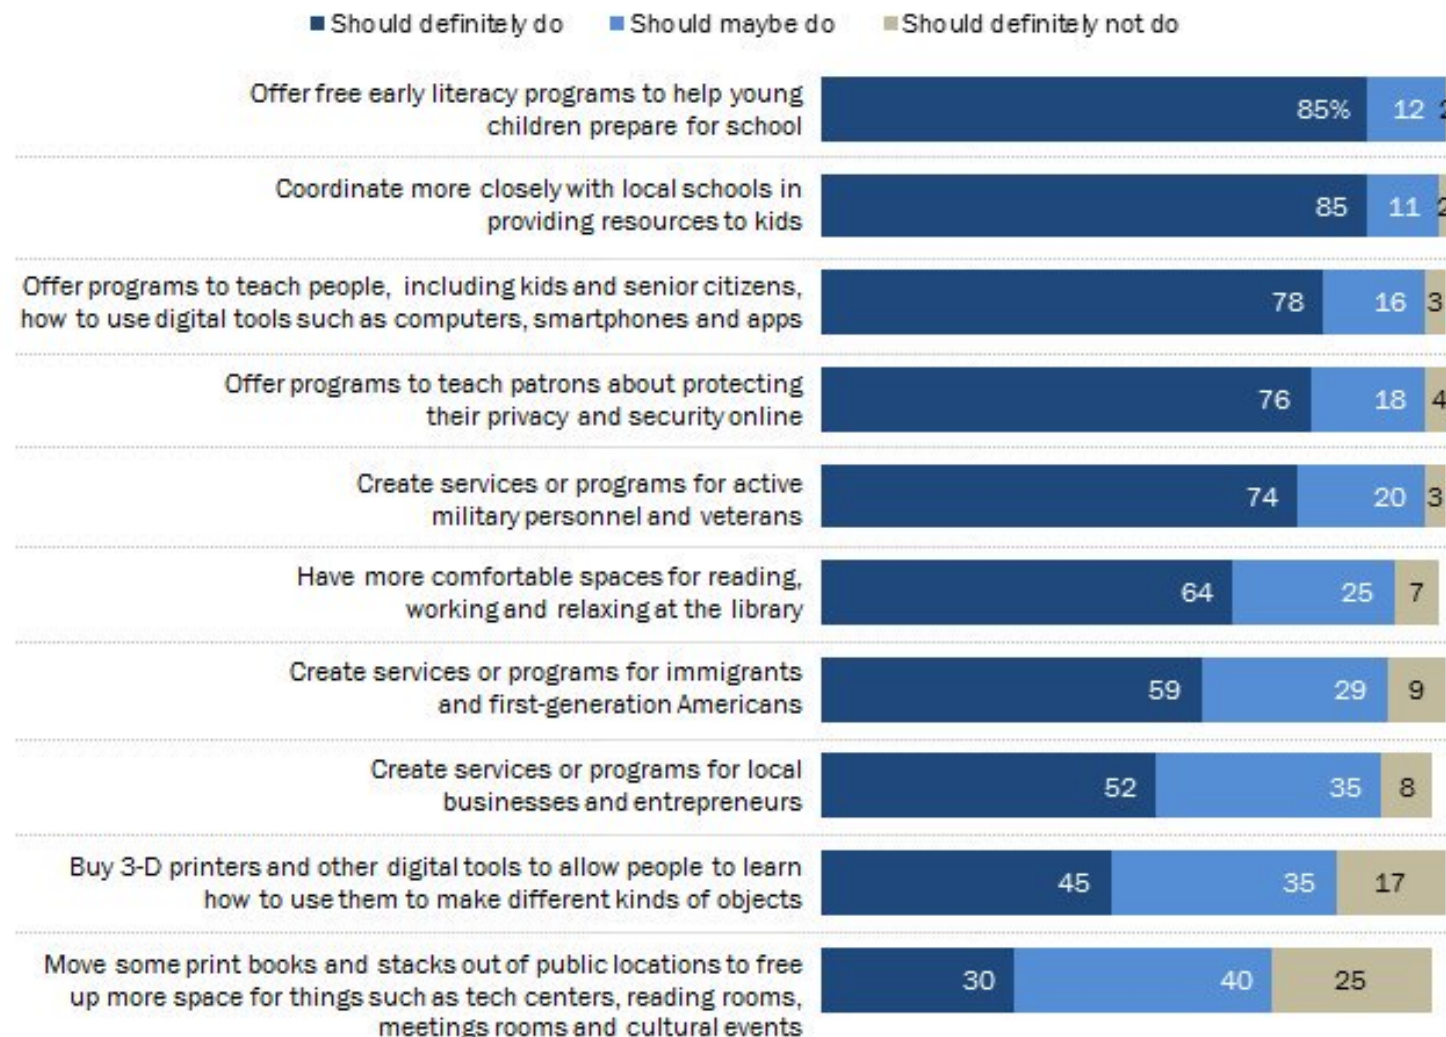

24% have deliberately avoided certain topics in phone or email conversations, and another **9%** have seriously considered it.

28% have curtailed or avoided social media activities, and another **12%** have seriously considered doing so.

16% have avoided writing or speaking about a particular topic, and another **11%** have seriously considered it.

Public Wants Libraries to Advance Education, Improve Digital Literacy and Serve Key Groups

% of those ages 16+ who say that libraries should definitely, maybe or definitely not do these things

Source: Pew Research Center survey March 17-April 12, 2015. N=2,004 Americans ages 16 and older

Digital Age*

Zoh Carpentier

- When libraries fight for privacy, the media notices
- The Nation cover in May 2015
- ProPublica, Wired, All Things Considered, Christian Science Monitor, and more.
- FSF's Award for Social Benefit
- Library Journal's Movers and Shakers
- Daily Dot's 2015 Internet Heroes

Saying you don't care about your privacy because you have nothing to hide is like saying you don't care about your freedom of speech because you have nothing to say.

- paraphrasing Ed Snowden

What should we do?

- **ALA best practices on privacy**
 - **Data retention policies**
 - **Vendor agreements**
- **ACLU Know Your Rights**
 - **Info request policy (LE)**

ALA GUIDELINES

- Library Privacy Guidelines for Public Access Computers and Networks
- Library Privacy Guidelines for Library Websites, OPACs, and Discovery Services
- Library Privacy Guidelines for Library Management Systems
- Library Privacy Guidelines for Data Exchange Between Networked Devices and Services
- Library Privacy Guidelines for E-book Lending and Digital Content Vendors
- Library Privacy Guidelines for Students in K-12 Schools
