Strategies for Sustainable Funding

Rebekkah Smith Aldrich | Coordinator for Library Sustainability | Mid-Hudson Library System

What you do is essential to your community.
PR Audit

- How do you currently get the word out?
- How far into the community is your reach?

**Consistency is key.**

Keys to Success

- **Regular communication**
  with current users/supporters

- **Consistent effort**
  made to gain new users/supporters

- **Increased visibility**
  within the community

Continued...
Keys to Success, continued…

- Proactive communication with community leaders
- Strategic thinking about everything you do
- Practice Word-of-Mouth Marketing
  “Thank you, please tell a friend.”

Operating Funds
4 Types of Libraries

- Association Libraries
- Municipal Public
- School District Public
- Special District Public

Sustainable Funding Models

1. Chapter 414
   - 259 School District Ballot
   - Association Library District (possibly calls for charter amendment)

2. School District Public Library
   - Special District Public Library
Recommendation 3

“Promote the availability of local public library service to all New Yorkers and improve local support for public libraries through the formation of Public Library Districts.”

Recommendation 1

“The further proliferation of the Regents’ Public Library District Model to enable all public libraries to become fully funded and governed through citizen participation and public vote.”

Benefits of a District

- Predictable Funding Stream
- Potential to bond for capital projects
- Increases the library's
  - Autonomy
  - Accountability
  - Community Ownership

*If more than 60% of operating budget comes from one of these options: * Trustees are elected = Association Library District
Chapter 414
Municipal Ballot Proposition

• **Petition** signed by at least 10% of voters in the last gubernatorial election

• Vote held on **Election Day** (November)

• If passed, town must fund the library at the level approved by voters until changed by another 414 vote.

259 School District Ballot

• Petition signed by 25 or more registered voters in the district.

• Vote held on the school budget vote date or in the library (and administered by the school district.)

• If approved this is an annual appropriation to the library until changed by another 259 vote.
259 Timeline

<table>
<thead>
<tr>
<th>Month</th>

</tr>
</tbody>
</table>

Association District

• More than 60% of operating budget comes from a 414 or 259 vote

• Bylaws, or charter, state that trustees are elected

• Exempt from Civil Service requirements

School District Public Library

• Petition signed by 25 or more registered voters in the district.

• Trustee candidates use a nominating petition (number of signatures required: at least 25 or 2% of the voters who voted in the last school district election)

• Vote held on the school budget vote date to establish district, fund the district, elect the board

• If successful, former charter is dissolved, district library registers with the state

  ◦ Timeline follows 259 timeline
Special District Public Library

- Legislation passed at the state level and signed by the Governor
- Vote held to establish district, initially fund it and elect the board. Vote date is established in the legislation.
- If successful, former charter is dissolved; district library registers with the state

Special District Timeline

*If more than 60% of operating budget comes from one of these options + trustees are elected = Association Library District
Tax Cap Information for MHLS Member Libraries

In June 2011 the Real Property Tax Levy Limit bill was signed into law in New York State. While there is no specific mention of libraries in the bill, the Governor’s office, Division of Budget (DOB) and the Office of the State Comptroller (OSC) have made it clear that the intent is for the law to apply to public libraries as well. So what does this mean for your library?

Which libraries does it apply to?
Libraries that have had a public vote on their budget - special district public libraries, school district public libraries and those municipal public libraries and association libraries that have used the 414 municipal ballot or 259 school district ballot options fall directly under the new regulation.

Does the cap apply to our whole budget or our levy amount?
The law applies to the amount of taxes levied on behalf of your library at the local level. The law states that the tax levy may not be raised more than "2%," or the Consumer Price Index (CPI) whichever is lower, unless 60% of your board approves a request to the taxpayers above this level and a simple majority of voters approves the request at the level you propose.

If our budget vote is a 414 (municipal ballot) or 259 (school district ballot) do we have our own cap or are we under the cap of the municipality / school district?
Guidance provided to OSC from the NYS Division of Budget clearly states that libraries with their own boards of trustees that can use the 414 or 259 process have their own cap. This is cited on the OSC web site in their Frequently Asked Questions section under “Applicability”: http://www.osc.state.ny.us/localgov/realprop/faqs.htm

How do we calculate the “2%”? 
The actual dollar amount of the "2%" tax levy limit for your library is calculated using a formula. Each year your library is now required to file an online form, with OSC, prior to the adoption of your budget. The information you submit in this form will be combined with a variety of data elements (see page 4 for an explanation of the formula) to calculate the dollar amount of your tax levy limit or “2%.” This number is likely to be different from just doing a raw 2% calculation with a calculator based on the amount you have previously asked taxpayers for.

*This is information provided as of August 2012. Please note that some issues are “in flux” and could change within a few months or years so be sure you are operating off of the most current information.
When is the online form available?
For libraries with a calendar fiscal year (January 1 – December 31): Early September
For Libraries with a school fiscal year (July – June): Mid-January

When is the online form due?
For libraries with a calendar fiscal year (January 1 – December 31): prior to the adoption of the budget
For Libraries with a school fiscal year (July – June): March 1

Can the library ask for more than a 2% increase if necessary?
Your board can put forth an amount to the voters that is over the calculated 2% figure if it needs by using an override procedure. The override procedure involves passing a resolution by 60% of eligible voting members of your board prior to the approval of your budget by your board. If the resolution at the board level passes you may put up a levy request that goes above the tax levy limit you have calculated through the Comptroller's online form.* Once this has been done you will follow the same procedures for enacting a public vote on your budget as usual, the public vote still would need to pass by a simple majority. [Sample override resolution language is available from Rebekkah Smith Aldrich, MHLS Coordinator for Library Growth & Sustainability: rsmith@midhudson.org]

Can our board do an override resolution that would cover all future library budget votes?
No, your board may not do a "blanket override" that would apply to future years.

*Our budget cycle does not align with the release of the data necessary to fill out the OSC online form to calculate the 2% amount, what should we do?
Until regulation is developed to address this situation it was suggested at workshops held around the state in 2011, by staff from OSC, that it is allowable, possibly advisable, to pass an override resolution regardless of the amount you ultimately ask the public for each year to "protect" your library. They made this suggestion in light of the fact that should your library, accidentally or knowingly, be approved for funds beyond your tax levy limit (for example, if your calculations are off) without the override resolution in place, your library is liable for the difference in the amount, plus interest, should you be audited. Currently, OCS is verbally encouraging libraries to adjust their vote date or fiscal year so that they can file the form prior to the adoption of the budget.

Our library does not have a public vote on our budget; do we need to fill out the online form?
Libraries that have never had a public vote on any portion of their budget do not need to fill out the online form from the Comptroller. Your situation remains the same as it always has in that you will need to negotiate with your municipality for funds for your library. The amount your library receives will be a part of your municipality's tax cap calculation - you do not have a separate cap calculation from them.

*This is information provided as of August 2012. Please note that some issues are “in flux” and could change within a few months or years so be sure you are operating off of the most current information.

Tax Levy Limit ("2%") Formula Explained

Calculation for FYs Beginning in 2013

Prior fiscal year levy
- Reserve amount (including interest earned)
  x Tax base growth factor (Tax & Finance)
+ PILOTs receivable, prior fiscal year (2012-13)
- Tort exclusion amount prior fiscal year (2012-13)
  x Allowable levy growth factor (lower of 2% or inflation)
- PILOTs receivable, coming fiscal year (2013-14)
+ Available carryover
+ Adjustments for transfer of function (as determined by OSC)
+ Exclusions (tort and pension)
= Total allowable levy within the tax levy limit

- Prior fiscal year tax levy: provided by the library

- Tax base growth factor: provided by the Department of Taxation & Finance
  http://www.tax.ny.gov/research/property/cap.htm

- PILOTs Receivable: A PILOT is a payment in lieu of taxes. These are payments made to compensate a local government for some or all of the tax revenue that it loses because of the nature of the ownership or use of a particular piece of real property. Usually it relates to the foregone property tax revenue negotiated to entice a business into your area. Special District, School District public libraries and Municipal libraries may be due funds through PILOT. Check with your local Industrial Development Agency (IDA).

- Allowable levy growth factor: Lesser of 1.02 or inflation factor (percent change in CPI for the 12 month period ending 6 months before the start of the coming fiscal year over the prior 12-month period), but never lower than 1.00. Provided by the Office of the State Comptroller: http://www.osc.state.ny.us/localgov/realprop/index.htm

- Available Carryover: You are permitted to carryover up to 1.5 percent of the prior year levy limit if you were under your tax levy limit. In accordance with guidelines issued by the Department of Taxation and Finance, there is no carryover permitted for unused exclusions associated with growth in pension costs or tort judgments.

- Transfer of Government Function: Unlikely to apply, refers to if “government functions are transferred between governments.” However, if you think this may apply to you an OSC regional office would calculate the figure for you.

- Exclusions
  - Court Orders / Judgments arising from tort action in excess of 5% of the total taxes levied in the prior fiscal year
  - Increases to the system average actuarial contribution rate: For libraries with employees in the NYS Retirement System only: Pension costs resulting from growth in any pension system’s average actuarial or normal contribution rate that exceed two percentage points may be excluded from the property tax levy limit. OSC provides an Excel tool that will help you in calculating the amount of pension costs that may be excluded: http://www.osc.state.ny.us/localgov/realprop/index.htm

Introduction

  Recommendation 3*: Promote the availability of local public library service to all New Yorkers and improve local support for public libraries through the formation of Public Library Districts.

  All New Yorkers should live in a community that has access to, and supports, a quality public library, and all libraries must have adequate local support.

Funding Models
